A declaration of thys present Almanack.

The golden nombre.	xviij
Epacta.	xxiiij
Ciclus solaris	ix
Judictio Romana	ix

Also ye shall fynde the Gospel of euery sondaye in the yeare.

Thys yeare bringeth also with hym two Eclypsis, The one shalbe in the Sunne, and the other in the Moone. The Eclypsis of the Moone shalbe whole darck, and begynneth the xx. day of Februarp, at viij. the clock xxx. minutes at after none. Endeth aboute x. the clock.

The Eclypsis of the Sunne shalbe the xxvi. of August. Begynneth at i. the clock v. minuten. Is greatest at ij. the clock i. minut. Endeth shortly after ij. the clock. lviij. minutes. What those Eclypsis effect with the Aspectes as they come, shalt thou find in the Practica. Lett vs praye God, that he send vs a good fruytful yeare, God saue the kyng. Amen.

Ye shall fynde when the longest and shortest dayes of the yere shalbe.

And when the terme doeth both begynne and ende.

Item ye shall also fynde marked the chosen dayes to let blood, or to take receptes, or such lyke necessarye thynges, with those following signes.

Very good to let blood	♆
Metely to let blood	♆ *
Good to minister medicine	*
Good to plant or to sow	♌ ♣
